**DIRECTIONS REGARDING MANUFACTURE OF ORNAMENTS BY  
OUTWORKERS**

**S.O. 2954.**—In pursuance of sub-rule (1) of rule 126T of the Defence of India Rules, 1962, the Administrator hereby issues the following directions for carrying out the purposes of Part XIIA of the said rules, in so far as they relate to the manufacture of ornaments not exceeding 14 carats in purity by outworkers on behalf of dealers licensed under the said rules, namely:—

1. In these directions, the word "rule" or "rules", wherever it occurs, shall denote the rule or rules in Part XIIA of the Defence of India Rules, 1962, and the expression "proper officer" shall mean the officer of Central Excise having jurisdiction over the area in which the dealer's place of business is situated.

2. For the purposes of these directions, an out-worker shall be deemed to be a person who, not being a certified goldsmith,—

- (a) undertakes, for a consideration, the work of manufacture of ornaments as defined in clause (f) of rule 126A on behalf of any dealer or dealers licensed under the rules, outside the licensed premises; and
- (b) whose name and address have been furnished in the application for licence in Form Gold Series No. 1 submitted by any such dealer or is duly notified in writing to the proper officer thereafter:

Provided that if any outworker becomes at any time a certified goldsmith, he shall not be entitled to receive any gold from any licensed dealer or dealers in pursuance of these directions.

3. Every dealer licensed under the rules, who has furnished particulars of outworkers attached to him in the application for Licence in Form Gold Series No. 1 or does so thereafter and who intends to get ornaments manufactured by such out-workers, shall arrange for a copy of these directions to be supplied or read out to every such outworker and shall obtain from him an undertaking (which may be either in writing by the outworker or accepted by him by affixing his thumb impression) agreeing to the terms and conditions imposed by these directions and shall, in addition, maintain a ledger in Form A annexed to these directions.

4. A dealer shall not issue ornaments or any other articles in finished form to an outworker for being polished or converted into other ornaments or articles and shall not issue to an outworker primary gold—

- (a) of a purity in excess of 14 carats; and
- (b) of a quantity in excess of the quantity actually required for manufacture of ornament or ornaments or pieces of ornament or ornaments for which an order is placed with him, provided, however, that an outworker shall not at any time have in his possession, custody or control any quantity of primary gold in excess of 100 grammes belonging to any one dealer.

5. No issue of primary gold shall be made to an outworker until the previous supply has been satisfactorily accounted for.

6. Each outworker shall be given by the dealer a Pass Book in Form B annexed to these directions, in which each page shall be assigned a printed serial number and bear the stamp of the proper officer.

7. The Pass Books issued by a dealer to his outworkers shall be assigned a running serial number and a record thereof shall be maintained in Form C annexed to these directions.

8. The Pass Book shall at all times remain in the custody of the outworker until it is resumed by the dealer for one or more of the following reasons; namely:—

- (a) the grant of a certificate to the outworker recognising him as a certified goldsmith;
- (b) the cessation of work by the outworker for any other cause whatsoever;
- (c) the termination of relationship between the dealer and the outworker;
- (d) the issue of instructions by a proper officer withdrawing the facilities available under these directions, so far as any outworker is concerned;
- (e) exhaustion of the Pass Book necessitating the issue of a new one.

Whenever a Pass Book is resumed for any of the reasons mentioned at (a) to (d) above, the primary gold issued to and in the custody of the outworker shall be obtained from him by the dealer.

All Pass Books shall be preserved by the dealer for a period of not less than five calendar years, following the one in which the pass book is resumed or replaced and shall be available for inspection.

9. Whenever an outworker ceases to work on behalf of a dealer or his relationship with a dealer is terminated, an intimation to that effect shall be furnished by the dealer to the proper officer within three days of such cessation or termination.

10. The dealer shall be responsible for making entries in the Pass Book immediately on completion of each transaction relating to the issue of primary gold to, or receipt of primary gold from, the outworker. The dealer shall not deliver any primary gold to an outworker, unless the Pass Book has been produced by the outworker and all its relevant columns have been duly filled in.

11. An outworker working for more than one dealer shall—

(i) keep the stock of primary gold received by him from each such dealer and the ornaments made from that stock separately from the stock of primary gold received by him from any other dealer and the ornaments made from such primary gold and

(ii) ensure that the total quantity of primary gold received by him from all dealers and not accounted for in the form of ornaments returned to such dealers shall not be in excess of 250 grammes at any time.

### AWARD

This is a complaint made on 30th June 1962, under Section 33A of the Industrial Disputes Act, 1947, by Shri Mansha Charan Mukherjee of Khas Karanpura Colliery complaining against his transfer as an Attendance Clerk in the mine from his previous duty for working only during day time.

2. The management opposite party filed a written statement on 23rd August 1962, and thereafter, the case was fixed for hearing, after some adjournments, finally on 26th September, 1963.

3. On 26th September 1963 Sri S. K. Mukherjee, Advocate, appeared for the complainant and Sri S. S. Mukherjee, Advocate, appeared for the opposite party.

4. Sri S. S. Mukherjee took two preliminary objections to the maintainability of the complaint, namely, (1) that the workman concerned was not a workman

concerned in the dispute pending in Reference No. 61 of 1960, and, therefore, there could be no contravention of Section 33 of the Act and as such the complainant had no right to make a complaint under Section 33A of the Act, and, (2) that the complainant neither having been discharged nor dismissed nor punished, the management was not bound to make an application under Section 33(2)(b) of the Act for approval as there was no contravention of Section 33 and as such the present complaint on this ground also was also not maintainable.

5. Sri S. K. Mukherjee, Advocate, for the complainant was heard in reply. He realised his difficulties, and, thereafter, subsequently put in an application withdrawing the complaint, as he said he would try for an adjudication of the complainant's illegal transfer with the help of the Union by way of a reference by Government.

6. In my opinion, the course adopted by Sri S. K. Mukherjee is correct in view of the legal difficulties in his way. I, therefore, allow the complainant to withdraw his complaint and, accordingly the complaint stands withdrawn.

7. This is my award which I make and submit to the Government of India under Section 15 of the Act.

## AWARD

The Government of India, Ministry of Labour and Employment, by their order No. 28/25/63-LRIV, dated 31st May 1963 have referred the industrial dispute existing between the employers in relation to Messrs. R. L. Sharma & Co., and their workmen in respect of the question whether the action of the employers in terminating the services of the persons named in the list appended to the order was justified and if not, to what relief the said persons were entitled to, for adjudication to this Tribunal.

2. In response to notices issued by the Tribunal, both parties submitted their written statements. When the matter came up for hearing, they stated that the matter had been amicably compromised between them and produced a memorandum of settlement, copy appended herewith, signed by both parties.

3. The dispute referred to the termination of services of seventeen workmen named in the order of reference. Under the terms of this compromise, the Union does not press the case of two of these workmen. Regarding the other fifteen workmen, it has been agreed that they will be given work on the same terms and conditions as were applicable to them at the time of cessation of work. I am told that the workmen are not permanent workmen but only casual ones and hence the question of continuity of service does not arise. In my opinion, the compromise is fair and reasonable and I accept it.

In the result, I pass an award in terms of settlement.

## AWARD

The Government of India, Ministry of Labour & Employment, by their order No. 2/57/62-LRII, dated 8th August 1962, referred the dispute existing between the employers in relation to the New Jemehari Khas Colliery and their workmen in respect of the question whether the management was justified in terminating the services of five loaders named therein and if not, to what relief they were entitled, for adjudication to this Tribunal.

2. In response to notices issued by the Tribunal, both parties filed the written statements. The matter was then fixed for hearing and was actually heard on more days than one. Unfortunately the hearing could not be concluded because the necessary documents were not produced as and when required and time had to be given for the purpose. The matter had to be adjourned more than once because of the illness of some officers of the management. Ultimately, when the matter came up for hearing to-day, the parties stated that they had compromised the matter and produced a memorandum of settlement, copy appended herewith, before the Tribunal.

3. The dispute relates to the dismissal of five loaders. Under the compromise, the management has agreed to reinstate them immediately with continuity of service. They are to be given a time rated job in the first instance but ultimately to be absorbed as C.P. Loaders as and when vacancies occur. The management

have also agreed to pay Rs. 500/- as costs to the Union. In my opinion, the compromise is fair and reasonable and I accept it.

I pass my award accordingly.
